## SECTION 2 STUDENT RIGHTS AND RESPONSIBILITIES

Streamline Training conducts training courses at various venues/workplaces to: suit Student needs, course type, and learning styles. The following Student etiquette guidelines will help foster a healthy learning environment for all Students.

### Assessment

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you should discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to offer support or grant additional time. Please note there may be conditions or penalties to gaining an extension.

### Assessment malpractice

Assessment malpractice includes: cheating, collusion and plagiarism.

Streamline Training regards the integrity of assessment as critical to its professional responsibilities as an RTO and therefore strives to ensure the assessment processes are not compromised. Streamline Training has policies and procedures in place for dealing with assessment malpractice.

- **Cheating -**  
All assessments must be 100% your own work. Cheating or the use of another person's work and submitting as your own is cheating and will not be tolerated.
- **Collusion -**  
Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other Students do not have opportunity to copy your work.
- **Plagiarism -**  
Copying from a published work (including the internet), without referencing, will not be tolerated. This includes presentation of work which has been copied in whole or in part from another person's work or from any other source such as the Internet, published books, and periodicals. This includes systematic re-wording or changing key nouns and verbs.  
You must follow referencing guidelines if you take another person's idea, and put it into your own words.

### Attendance

Attendance at training is recorded each day regardless of whether this is a workplace visit or a classroom. These records are required for both learning and health and safety reasons.

Student attendance is paramount to successful completion of learning and assessment outcomes. Students are expected to be in attendance for all training meetings/sessions.

It is expected that Students arrive to class on time and remain for the full duration of the meeting/session.

Should it be necessary for you to be absent from training – you must advise the trainer/assessor at least 24 hours prior so that other arrangements can be made.

Training sessions are designed to provide Students the essential knowledge and skills required for relevant units of competency. It is expected however that Students will undertake additional reading and research.

## SECTION 3 COURSE INFORMATION

### Nationally Recognised Training Programs

Nationally Recognised training (NRT) programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

The specific skills and knowledge required for particular workplace activities are set out in Units of Competency, which are grouped together to formulate the completion of a nationally recognised "qualification". Nationally recognised qualifications are outlined in Training Packages. These can be viewed at [www.training.gov.au](http://www.training.gov.au).

Each qualification has a list of employability skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there are specific employability skills listed under the following headings:

- Communication
- Teamwork
- Problem solving
- Initiative and enterprise
- Planning and organizing
- Self-management
- Learning
- Technology.

These employability skills will be part of the assessment requirements of a nationally recognised course.

### Competency

It is important to note that the rules and requirements of a Unit of Competency and a qualification are applied to all Students regardless of where they are, or the mode of training delivery provided. You could be a full time Student in a classroom or the workplace, or you could be applying for recognition of the skills and knowledge currently held.

Each Unit of Competency is made up of the following:

- Elements;
- Performance criteria;
- Performance Evidence;
- Knowledge Evidence;
- Assessment conditions;
- Evidence Guide, including Critical aspects of evidence;
- Range Statements;
- Any pre or co requisites (if applicable).

To be deemed Competent in any Unit of Competency you must be able to provide evidence of the required skills and knowledge to complete work tasks to the standard that is required in the workplace. Skills need to be demonstrated in a range of situations and environments (which could include simulated applications in a learning environment) over a period of time.

### Evidence

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, Government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit.

Examples of evidence could include one or more of the following:

- Specific assessments tasks set by your Assessor;
- Observation reports;
- Certificates and awards;

- Examples of work completed or special projects;
- Current licences;
- Position descriptions and performance reviews;
- Testimonial / Third party reports;
- Question responses.

Your evidence must also demonstrate the following:

- That you can do the job or task to the required standard
- That you Understand why the job should be done in a particular way
- That you Handle unexpected issues or problems
- That you Work with others 'in a team'
- That you can do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
- That you know the workplace rules and procedures

### Assessment

Assessment is an integral part of your learning if you wish to complete successfully and gain certification.

The assessment process will be explained at your induction and throughout your program. Assessors will also be available to you if you have any questions.

Assessment is the process of collecting evidence and making judgement on whether competency has been achieved to confirm that an individual can perform to the standards expected in the workplace and as expressed in relevant competency standards.

Throughout the training program you will be assessed to see if you have gained the necessary skills and knowledge to achieve the qualification. Your trainer/assessor is required to ensure that the assessment tasks you undertake meet the national principles of assessment and rules of evidence (see below for more information).

Various assessments tasks /activities may be involved including, but not limited to:

- Observation of performance;
- Assignments;
- Written activities;
- Written / oral questioning;
- Oral presentations;
- Workplace performance;
- Projects;
- Case studies;
- Role plays/ simulations;
- Demonstration of skills;
- Online assessments;
- Portfolio of evidence.

Certification will only be given to Students who successfully complete all assessment requirements for a course.

Streamline Training is required to meet stringent quality requirements in the conduct of all assessments.

Streamline Training has carefully constructed and developed assessment resources to meet these quality requirements, as well as be user-friendly to Students.

### Principles of Assessment

Assessments will be conducted in accordance with the following principles of assessment.

<b>Validity</b>	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual Student.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> <li>• Assessment against the unit/s of competency and the associated assessment requirement covers the broad range of skills and knowledge that are essential to competent performance;</li> <li>• Assessment of knowledge and skills is integrated with their practical application;</li> <li>• Assessment to be based on evidence that demonstrates that a Student could demonstrate these skills and knowledge in other similar situations; and</li> <li>• Judgement of competence is based on evidence of Student performance that is aligned to the unit/s of competency and associated assessments requirements.</li> </ul>
<b>Reliability</b>	Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.
<b>Flexibility</b>	<p>Assessment is flexible to the individual Student by:</p> <ul style="list-style-type: none"> <li>• Reflecting the Student’s needs;</li> <li>• Assessing competencies held by the Student no matter how or where they have been acquired; and</li> <li>• Drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.</li> </ul>
<b>Fairness</b>	<p>The individual Student’s needs are considered in the assessment process.</p> <p>Where appropriate reasonable adjustments are applied by the RTO to take into account the individual Student’s needs.</p> <p>The RTO informs the Student about the assessment process, and provides the Student with the opportunity to challenge the result of the assessment and be reassessed if necessary</p>

### Rules of Evidence and Assessment

Streamline Training is required to ensure that all evidence provided by Students, as proof of their competency, meets the following “rules of evidence”.

<b>Validity</b>	The assessor is assured that the Student has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.
<b>Sufficiency</b>	The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a Student’s competency.
<b>Authenticity</b>	The assessor is assured that the evidence presented for assessment is the Student’s own work.
<b>Currency</b>	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

### Course Assessment

There will be assessment tasks set for each course regardless of the learning mode. Assessment activities and expectations will be explained to Students, and are outlined within Student / assessment resources.

### Presentation of Assessments/ Assignments

- Some assessments activities are required to be typed (please see specific instructions in your assessment tasks).
- Handwritten assessments are accepted, however handwriting must be clear and easy to read.
- If you are mailing an assignment, it must be received by the due date. Streamline Training does not accept responsibility for any lost assignments. **Please ensure you keep a copy of your assignment prior to submission.**
- All assignments are registered as they are received.
- We endeavour to review/mark all assessments within 10 working days of receipt.
- Students are entitled to one resubmission of each unit assessment. If a re-submission assessment is still deemed NYC (not yet competent), Students may be offered the opportunity to re-submit at a fee. No further re-submits are allowed. Students must re-enrol in the unit again, paying a further unit fee.

### Assessment results

Students have access to their own student learning account (online login through the internet) which will indicate assessments undertaken and the units of competency that the individual has attained.

Results of assessment are provided to Students as soon as is practical. These results are available through your Student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the Student is received in advance.

### Reasonable adjustments

Students with difficulties or disabilities are encouraged to discuss with Streamline Training any 'reasonable adjustments' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for Streamline Training to accommodate or where another (different) adjustment may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency based training and assessment.

### Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment you must communicate with your assessor and apply for an extension.

## Certificates

### Types of Certification

In general, four types of certificates are issued by Streamline Training. Certificates can only be awarded by Streamline Training in accordance with our approved qualification scope.

- **Qualification** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Full qualifications can only be issued once the Student has been deemed competent across all the relevant units of competency making up the qualification.
- **Record of Results** – accompanies a qualification issued under the Australian Qualification Framework (AQF) for nationally recognised training. This document supplements the qualification listing all units of competency achieved for the qualification.

- **Statement of Attainment (SOA)** – issued under the Australian Qualification Framework (AQF) for nationally recognised training. Issued when a Student is deemed competent in a unit or a cluster of units of competency. Minimum achievement for a SOA is one unit of competency. You can request a SOA at any time during your training. This may incur a fee.
- **Certificate of Attendance** – for non-nationally recognised training. Issued when a Student attends a short course which is not within the Australian qualifications framework (AQF). To receive a Certificate of Attendance, the Student must have a satisfactory attendance rate.

Certificates will only be posted to Students at their nominated postal address as shown in their Student login account. The onus is on the Student to ensure their address details are correct.

Certificates will not be sent to other parties, without the expressed prior written permission from the Student. Duplicate or replacement copies of certificates incur a fee.

### Course Delivery

Streamline Training ensures the following resources are in place:

- Trainers and Assessors with appropriate qualifications, and experience;
- Course materials appropriate to the methods of delivery and assessment requirements;
- All necessary copyright authorisations;
- Appropriate equipment and facilities.

Training and assessment methods used by Streamline Training meet specific quality requirements and are chosen to best suit the unit of competency, while giving consideration to the learning style of the Student. The provision of training often includes a blended approach with a combination of on and off-the-job methods.

A number of delivery methods will be used throughout the training to help you achieve the necessary skills. Learning is a partnership that involves participation from all involved.

Delivery methods may include, but are not limited to:

- Practical demonstrations
- audio/visual presentations
- group participation/ discussions
- trainer/facilitator instruction
- practical activities
- individual projects
- workplace based training
- case studies

### Flexible Delivery

Flexible delivery focuses on learning rather than teaching and to provide the best possible learning experience for the Student. This means that the Student has greater control over what, when and how they learn.

Streamline Training offers various forms of delivery to accommodate the varying needs of Students. Modes of delivery available for most courses include classroom (face-to-face) environment, workplace –based, correspondence, on-line, Recognition of Prior Learning (RPL) or a combination of these.

### Language, Literacy and Numeracy

Each Training Package sets a minimum requirement in language, literacy and numeracy skills of participants, with which Streamline Training must abide.

Streamline Training makes appropriate concessions for language, literacy and numeracy issues of Students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

Where there are entry requirements for courses e.g. literacy in English and numeracy, these are clearly stated in pre-enrolment and enrolment information.

Advice is given to all Students on appropriate actions if there is a need to update literacy and numeracy skills. Streamline Training can assist in providing this additional development prior to completing your enrolment into vocational skills.

If a student requires support in Language, Literacy Numeracy, Streamline Training can provide referral to Read Write Now and/or the Reading Writing Hotline.

### Read Write Now!

Read Write Now! is a volunteer group set up in Western Australia with volunteer tutors who provide free one-to-one assistance to adults wanting to improve their language, literacy and numeracy.

<http://www.read-write-now.org/>

### Reading Writing Hotline

The Reading Writing Hotline is Australia's national telephone referral service for adult literacy and numeracy.

## Recognition

Recognition is the collective term and includes:

- Recognition of prior learning (RPL);
- Recognition of current competency (RCC);
- Credit transfer (CT); and
- Mutual Recognition (MR).

All Students have the opportunity to apply for recognition. This means that you can submit evidence for a Unit(s) of Competency and have it assessed by a qualified Assessor without completing the training with Streamline Training.

Streamline Training believes that no Student should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

Streamline Training aims to maximise the recognition of a Student's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by Streamline Training may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard you need to contact our CEO on 0400 745 109 who will provide the information you need to complete an application.

### Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that Recognition is an **assessment process** not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a Student through:

- previous formal training;
- work experience, and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the Student is entitled in relation to a unit/qualification. The main focus of Recognition is what has been learned rather than how, where or when

it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note, the onus is on the Student to document and present evidence to justify a claim for recognition and present their case to the satisfaction of the Assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

### **Recognition Decision**

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s);
- Any Regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgment.

To this end, Streamline Training will also need to see you demonstrate the skills as outline in the Unit – therefore Observation assessment by Streamline Training Assessor is a must.

Streamline Training is committed to ensuring that all judgments made by Assessors against the same competency standards are consistent. Your Assessor will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your assessor will advise you what you can do if you receive a NYC for your assessment task. If you are deemed NYC in your initial assessment, you are allowed a second attempt. However, if you are deemed NYC in the second attempt, you will be required to enrol in the unit undertaking the learning component first prior to being assessed again. Please talk to your assessor if you have any concerns.

For further information on Recognition, please see Streamline Training Recognition policy.

### **Credit Transfer**

Streamline Training recognises the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). Credit Transfer is applicable when a Statement of Attainment or qualification provided by a Student has a unit of competency that has been deemed as “Equivalent” by the Industry Skills council (ISC) and that unit forms part of the training and assessment program within which the Student is enrolled or is intending to enrol. Students are required to formally apply for Credit transfer, supplying their certificates to Streamline Training for verification. With Credit transfer Student’s are not required to undertake learning in the unit/s again, the Student is exempt.

### **Special Needs**

Students intending to enrol for training with the Streamline Training are requested to advise if they have any physical or other impairment (e.g. English language, literacy or numeracy difficulties, dyslexia, etc) which may adversely affect their ability to successfully undertake training and assessment, prior to enrolment.

Students with disabilities or impairments are encouraged to discuss with the CEO any 'special needs' and/or 'reasonable adjustments' to the study environment which they consider are necessary or would assist them in the performance of their studies.

The CEO, in collaboration with the Student, will assess the potential for the Student to successfully complete the training which may include flexible delivery options to optimise the ease and benefit of the Student's learning.

### **Trainer and Assessors**

All Trainers and Assessors are qualified in training and assessment and the vocational area which they are delivering. They have practical experience and maintain their currency in industry.

## SECTION 4 POLICIES

### Access and Equity

Streamline Training is committed to promoting, encouraging and valuing equity and diversity with respect to its Students and to providing them with a positive learning environment to achieve success. Streamline Training will ensure services offered are provided in a fair and equitable manner to all Students, free from bias.

### Appeals

Streamline Training ensures that Students have access to a fair and equitable process for appeals against assessment decisions. An appeals and reassessment process is an integral part of all training and assessment pathways leading to a nationally recognised qualification or Statement of Attainment under the Australian Qualifications Framework (AQF).

- Students have the right to lodge an appeal against an assessment decision if they feel they were unfairly treated during an assessment, and/or where they feel the assessment decision is incorrect and they have grounds for an appeal (see next page).
- The principles of natural justice and procedural fairness are adopted at every stage of the appeal process.
- The appeals policy is publicly available, via Streamline Training website.
- The appellant can provide detail of their appeal either verbally and/or in writing.
- All appeals must be lodged within 7 calendar days of the date of the assessment result notification to the Student.
- If the appeals process fails to resolve the appeal or the appellant is not satisfied with the outcome of the appeal, the matter will be referred to an independent third party for review, at the request of the appellant. All costs incurred for the third party review will be advised to the appellant.
- Every appeal is heard by a suitably qualified independent assessor or panel, who will be asked to make an independent assessment of the application.
- All appeals are acknowledged in writing and finalised as soon as practicable.
- Streamline Training may charge a fee for the appeals process where an external assessor is engaged. Should this be the case, all costs incurred will be advised to the appellant.
- If the appeal will take in excess of 60 calendar days to finalise Streamline Training will inform the appellant in writing providing the reasons why more than 60 calendar days are required. The appellant will also be provided with regular updates on the progress of the appeal.
- Streamline Training strives to deal with appeal issues as soon as they emerge, in order to avoid further disruption or the need for a formal complaint process.
- All appeals will be handled 'In-Confidence' and will not affect or bias the progress of the participant in any current or future training.

Streamline Training only accepts a maximum of \$1500 per qualification per student at enrolment. Streamline Training maintains records of all payments made in advance by students keeping it in trust until the student needs to draw down from that advanced payment due to the commencement of a new unit.
